### **SPORT RULES GOVERNING THE TENNESSEE SENIOR OLYMPICS**

The sport rules described here have been established for the events in the Tennessee Senior Olympics to also be used in district and local competitions.

The sport rules for each event are based on the rules of the recognized governing body for the sport, when appropriate. However, for the state, district and local Olympics there may be a need for modification and revision in the best interest of the Tennessee Senior Olympics competitors.

These rules developed by the Tennessee Senior Olympics, Inc. Board of Directors represent their best judgment at this time. Since rules in most sports evolve and change over time, further revisions or modifications may be appropriate.

**2026 Rule Changes are indicated by yellow highlighting.**

Individuals whose primary activity is teaching a sport but who occasionally play for a minor amount of money are also not deemed professionals.

## **GENERAL RULES OF PARTICIPATION**

### **AGE GROUPS**

- Athletes will compete within five-year age divisions for each sport. These include 50-54, 55-59, 60-64, 65-69, 70-74, 75-79, 80-84, 85-89, 90-94, 95-99, 100-104.

### **COMPETITION RULES**

- Competitive events will begin when scheduled. Game time is forfeit time.
- Athletes will be required to check-in to events 10 minutes prior to their scheduled match or competition.
- Competition will not be held earlier or later for the convenience of competitors.
- If athletes are the only individuals in their age division, an exhibition match must be played to receive medals. In addition, championship or 3<sup>rd</sup> place matches must be played off to receive medals, unless a forfeit occurs due to a medical situation.
- The meet director/sports chair has the authority to establish reasonable time limits for the completion of events and may choose to make alterations to keep the event moving if it is affecting the majority of athletes

- A registered athlete cannot be in the position of being the rules decision maker in their competition. If that person is the only rules advisor present, athletes may appeal decisions.

## **STATE FINALS QUALIFYING**

### **DISTRICT PARTICIPATION**

- Qualifying for the state finals in most sports requires that an athlete **participate** in a District Senior Olympics event the **fall/winter prior to the summer state finals**.

- If an athlete's home district offers the sport/event in which an athlete wishes to compete at the state finals, that athlete must participate in the home district or another district.
- 5) **New Participants.** An athlete who has **never** participated at **ANY level** of the Tennessee Senior Olympics system but who desires to participate in the state finals will be granted a one-time only exemption from participating in district competition.
- 6) **Open events** at the state finals do not require district participation.
- State finals' open events include Archery, Badminton, Basketball Skill Events, Cycling, Disc Golf, Golf Scramble, Pole Vault, Powerlifting, Power Walk, Road Races, Team Sports, and the Triple Jump. Subject to change.
  - Any event not offered at an individual's home district will also be considered an open event. If a district is unable to host any events, all athletes may register directly for the state finals.
  - If athletes are the only individuals in their age division at a district competition, an exhibition match must be played to receive medals and to qualify for state competition.
  - If an athlete registers for events that he or she did **not** participate in at the district level, he or she will be disqualified from that sport.

### **DOUBLES QUALIFYING**

- Doubles partners who qualify together for the state finals should plan to play together.
- However, if one of the partners cannot attend, another qualified athlete in the **same sport** may be chosen prior to registering for the state games.
- Doubles players **who participated in ONE event at the district (i.e. singles, mixed, or doubles)** within any doubles sport may register for all three events.

### **SPECIALTY QUALIFYING RULES**

To combat fatigue and injuries that might occur during our **one-day district events**, note the following rules:

- **Track.** For every district running event completed, an additional running event may be entered at state (any distance may be chosen).

Anaheim, CA 92806

### ***Scoring System***

A match consists of the best of 3 games of 21 points.  
The side winning a rally adds a point to its score.  
At 20 all, the side which gains a 2 point lead first, wins that game.  
At 29 all, the side scoring the 30th point, wins that game.  
The side winning a game serves first in the next game.

### ***Intervals and Change of Ends***

When the leading score reaches 11 points, players have a 60 second interval.  
A 2 minute interval between each game is allowed.  
In the third game, players change ends when a side scores 11 points.

### ***Points - Singles***

At the beginning of the game and when the score is even, the server serves from the right service court. When it is odd, the server serves from the left service court.  
If the server wins a rally, the server scores a point and then serves again from alternate service court.  
If the receiver wins a rally, the receiver scores a point and becomes the new server.

### ***Points - Doubles***

There is only one serve in doubles (see next page). The service passes consecutively to the players as shown in the attached diagram.

At the beginning of the game and when the score is even, the server serves from the right court. When it is odd, the server serves from the left court.

If the serving side wins a rally, the serving side scores a point and the same server serves again from the alternate service court.

If the receiving side wins a rally, the receiving side scores a point. The receiving side becomes the new serving side.

The player of the receiving side who served last stays in the same service court from where he served last. The reverse pattern applies to the receiver's partner.

The players do not change their respective service courts until they win a point when their side is serving. If players commit an error in the service court, the error is corrected when the mistake is discovered. **Badminton doubles serving chart included on next page.**

**In a Doubles match between A & B against C & D. A & B won the toss and decided to serve. A to serve to C. A shall be the initial server while C shall be the initial receiver.**

Course of action / Explanation	Score	Service from Service Court	Server & Receiver	Winner of the rally		
	Love All	Right Service Court. Being the score of the serving side is even.	A serves to C A and C are the initial server and receiver.	A & B.

C & D win a point and also right to serve. Nobody will change their respective service courts.	1-1	Left Service Court. Being the score of the serving side is odd.	D serves to A.	A & B.

A & B win a point and also right to serve. Nobody will change their respective service courts.	3-3	Left Service Court. Being the score of the serving side is odd.	A serves to C	A & B		
A & B win a point. A & B will change service courts. A serves again from Right service court. C & D will stay in the same service courts.	4-3	Right Service Court. Being the score of the serving side is even.	A serves to D	C & D

## 2. The Game-Court-Equipment-Markings:

- a) The game shall be played by two teams of 3 players each on a half court containing dimensions, boundary lines, throw-in area, other line markings such as 3-point line, free throw lane lines etc., and in accordance with NCAA rules unless further noted.
- b) A modified free throw line shall be available for use for the following age divisions: 75+ women's teams and 80+ men's teams. Players in these divisions may choose to shoot any foul shot from a modified free throw line of 12 feet or shoot from regulation 15 feet. **This item does not require a Captain's agreement before the game.**
- c) Goals, baskets, standards, paddings all should be in accordance with NCAA rules.
- d) Scoreboard & clock are typically one unit located at the scorer's table, therefore NCAA rules do not apply here.
- e) The ball used during games is in accordance with NCAA rules for both men and women.
- f) Teams must have a minimum of three players on the floor to start a game. Teams may continue/finish with a minimum of two players on the floor.
- g) The winner of the pre-game coin flip (called in the air by the away team) shall take first possession of the ball, thus beginning the AP (alternating possession) arrow process for the rest of regulation play.

## 3. Scoring & Timing Violations & Overtime Regulations:

- a) Playing time shall be two halves of 15-minutes for all age groups. The exception would be for the following age divisions: 75+ women's teams and 80+ men's teams. If both captains of teams in these divisions agree, prior to the game, to play 12-minute halves, it shall be permissible.

There shall be a continuously running clock with an intermission of five minutes for half time. In the last two minutes of each half and **all overtimes**, the clock will stop in accordance with normal basketball rules like out of bounds, traveling, 3 seconds in the lane as examples and also includes Live Play/Live Rebounding being in effect regarding free throw situations in which offense and defense will line up in appropriate lane spaces and the ball does not automatically go back to offense during this time frame.

The clock will also stop after a made basket during the last minute of the second half **and the last minute of the first and second overtime.**

- b) A tie score at the end of regulation time will result in overtime periods as follows. **The first overtime period will be 5 minutes. If needed, the Second overtime will be 3 minutes.** For both, the clock will stop in accordance with normal basketball rules during the last 2

minutes. Clock will also stop following made goals in the last minute. If the game is still tied at the end of the **Second** overtime period, a final overtime will be played with a Sudden-Death format; the first team to score will win. Ball possession will be determined by a coin flip for each overtime period. **The team who had AP (alternating possession) arrow at end of regulation shall call first OT coin flip. If the First OT ends in a tie, the team who has AP arrow shall call the coin flip. If the Second OT ends in a tie, the team who has AP arrow shall call the Sudden Death coin flip.** There will be a one-minute intermission before each overtime period. All individual and team fouls carry over into overtime.

c) Two time-outs are permitted per team, per half. Timeouts do not carry over from one period to the next. Time-outs shall be 60 seconds in duration **during regulation**. If a game proceeds to overtime, each team shall receive **one additional 30-second timeout per overtime period**. The clock will not run during time-outs.

d) 3-point shots are allowed. The three-point line distance for both men and women will be 19 feet, 9 inches.

e) A 5-second closely guarded violation occurs when an offensive player holding the ball does not pass, shoot, or dribble within a 5-second timeframe. To be considered "closely guarded", a defender must be in a defensive position and located within six feet of the player.

f) 3-second in the lane violation: It is a violation for an offensive player to have any part of their body remain in the lane for more than three consecutive seconds. To establish a position outside the 3-second lane, an offensive player must place both feet on the playing court outside the lane.

g) Grace Rule will go into effect when a team is ahead by 30+ points, and only during the second half of play. During this time, the clock will continue to run until the team behind can reduce the point spread to less than 30 points.

#### 4. Check Line/Throw-In Area & Ball In/Out of Play:

a) The game shall be played using the three-point line as the "check line." The ball shall be returned to a point behind the check line after each change of possession as follows.

b) After a turnover or defensive rebound, the ball may be returned to any point behind the checkline. The player returning the ball behind the check line shall be in possession of the ball with both feet behind the line. The ball does not have to pass behind the 3-point line, only the player's feet.

c) The penalty for attempting a shot before returning the ball successfully behind the check line shall be loss of possession.

d) The player who returns the ball behind the three-point line may maintain possession and attempt to score.

e) After a made basket and all dead ball situations, the ball shall be placed in play from the designated throw-in area which shall be the space at the top of the key with a width no less than the free throw lane extension area (12 feet wide) and a depth no less than 5 feet from the top of the 3-point line.

#### 5. Player Restrictions When Inbounding Ball:

a) Following a made basket or dead ball, the ball shall be put in play within five seconds from the time the ball is in the throw-in area regardless of whether the in-bounder has taken possession of the ball. If the ball is not put in play within five seconds it shall be a violation, and possession shall be awarded to the defense with no change in the possession arrow.

b) The in-bounder must stay within the lines of the designated throw-in area.

c) The defense may defend anywhere on the court; however, no player (offensive or defensive) may enter the throw-in area. This area is a restricted space for the thrower-in only.

d) The in-bounder may not hand-off the ball to a teammate, it must be passed.

e) The in-bounder's teammates may only enter the three-second lane to receive a pass when their teammate has possession of the ball for the throw-in, is in the throw-in area and only after they have cleared the lane following a made goal or free throw. "Clearing the lane" is establishing a position outside the 3-second lane with both feet having been placed on the playing court outside the lane.

f) Offensive screens should not be set until the inbounding teammate actually takes possession of the ball in the throw-in area.

g) Violations of the throw-in area by the offense result in loss of possession.

h) Violations of the throw-in area by the defense could result in warning, administrative or unsporting technical.

#### 6. Substitutions:

a) A substitute is a team member who has reported to the scorer's table and is waiting there to be beckoned onto the court by an official. Entering the court without being beckoned may result in a warning and/or technical foul. Substitution requests should be made prior to the in-bounder having the ball in the throw-in area.

b) Substitutions by both offense and defense may occur during all normal stoppages in the game such as non-shooting common fouls, out of bounds, violations (traveling, 3-

second in lane, double dribble, injured player, contact lens, timeouts, etc.).

c) Free Throw Substitutions: During either half, and Prior to 2 minutes remaining (when Live Play/Live Rebounding goes into effect) substitutions by both the offensive and defensive teams may only occur after the first free throw of any merited two-shot foul, and after the second free throw of any merited three-shot foul. ONLY the offensive team, who will retain possession of the ball following the last merited free throw, can request a substitution and the incoming substitute must have been at the scorer's table prior to the free throw shooter releasing the ball. Once the last free throw is made or missed and the official's recognize & beckon the player onto the court, the defensive team is allowed to counter sub.

d) Normal substitution procedures will be followed by either team during free throws occurring in live play within the last 2 minutes of either half and overtime.

e) Both offense and defense can be subject to delay of game warnings and penalties for blatant and repeated substitution process violations.

#### 7. Fouls and Penalties:

a) A player is disqualified for his/her fifth foul.

b) A more complete descriptive Foul/Penalty chart is available 2023-24 NCAA Women's Rules Book in Appendix III.

c) Any shooting foul with a missed basket shall result in two free throws (three for a three- point attempt).

d) Any shooting foul with a converted basket shall result in the basket being awarded along with one free throw.

f) Any offensive foul (player in control of the ball or is an airborne shooter) shall result in disallowing a converted basket, recording the foul and a change in possession.

g) Prior to the fifth team foul, any common foul shall result in loss of possession for the offending team.

h) All personal, offensive and technical fouls shall count towards a team's total.

#### Exceptions are:

Indirect Technicals and Administrative Technicals.

i) Beginning with the fifth team foul in the first half, the penalty is two free throws awarded to the offended team. This will reset at halftime. Beginning with the fifth team foul in the second half, the penalty, again, is two free throws awarded to the offended team and will carry over into overtime.

j) During the first (13) minutes of each half, any shooting foul will result in the offended team retaining possession and all non-shooting players will be above and behind the 3 point arc and cannot be below the intersection of the free throw shooting line. During the final (2) minutes of each half and any overtime period, the automatic awarding of team possession after free throws does not apply and Live Play/Live Rebounding is in effect.

k) During Live Play/ Live Rebounding all players on both teams are allowed to line up along the free throw lane when the free throws are shot.

l) The free-throw shooter shall not break the vertical plane of the free-throw line with either foot until the ball strikes the rim, flange or backboard or until the free throw ends.

m) No player shall enter or leave a marked lane space or contact any part of the court outside the marked lane space until the free-throw shooter has released the ball.

#### 8. Technical Fouls:

a) Direct Technical foul is one assessed to the head coaches for their own behaviors.

b) Indirect Technical refers to a technical foul assessed to a head coach for the actions of bench personnel only. Penalty for a) and b) are 2 free throws and the ball is awarded to the offended team.

c) Administrative Technicals are issued for not submitting to the scorer, names and numbers of team members and or, having to make roster changes once the game begins (Exception allowed for injury, illness, blood on uniform). Penalty is two shots and ball is awarded at point of interruption or AP (alternating possession) if at beginning of game. If before the game, only one technical foul will be issued, regardless of the number of infractions. Once the game begins, only one technical foul will be issued, regardless of the number of infractions and when they occurred. Administrative Technicals do not count towards the team foul total.

d) Team Technical Fouls shall be assessed after a team warning has been issued for each of the following, and the penalty shall be two shots and awarded possession. Delay of Game: A warning will be given the first time any of the following occur: Improper substitutions, defense breaking the plane of throw-in area with no contact of ball or thrower, delaying return to floor after timeouts or intermission, interfering with ball and not allowing it to be readily available, huddling on the court or prior to free throws, and faking being fouled. Stalling, or not running an offense, is a delay of game, except during the last 2 minutes of second half play or any overtime.

e) Unsporting behavior technicals will be issued for disrespectfully addressing officials, use of profanity or language that is abusive, vulgar or obscene, taunting or baiting an opponent, or inciting undesirable crowd reactions. The penalty shall be 2 free throws and awarded possession. **It is highly encouraged that teammates and Captain's address and**

manage frustrated players in heated moments during the game before the game officials must. There will be very limited tolerance with regard to the above items to include no warnings prior to a technical being issued.

f) Flagrant 1 Intentional Foul will be assessed when there is not a legitimate attempt to make a direct play on the ball, contact away from the ball against an opponent clearly not involved in the play and designed to stop clock or prevent it from starting, contacting an opponent making a throw-in, excessive, hard or unnecessary contact and illegal contact by swinging of an elbow deemed excessive or unnecessary with opponent. The penalty shall be two free throws and awarded possession.

g. Flagrant 2 Foul will be assessed and player ejected when the contact foul is judged to be violent and/or severe. ### **3. Doubles Play**

- a) Team A competes against Team B-each team is comprised of two players.
- b) Each team will stay in their designated lane for the whole game.

- e) The older doubles partner will pitch from the same distance as the YOUNGER partner required for that age division.

### **4. Length of Games**

The game shall be played to the pre-determined number of (21) points. The first player/team to reach (or exceed) that amount at the conclusion of a frame is the winner.

### **5. Distance of Boards**

Age 50 to 69 – 27 feet front edge to front edge  
Age 70 to 79 - 25 feet front edge to front edge  
Age 80 Plus - 23 feet front edge to front edge

### **6. Cornhole Scoring – Bag Terms**

Woody – refers to any cornhole bag that has been pitched and remains on the cornhole board playing surface at the conclusion of the frame.

Cornhole – refers to any cornhole bag that has been pitched and passes through the cornhole board hole at any time within the frame.

Foul Bags – refers to any cornhole bag that has not been determined as a “woody” or “cornhole” or was designated a foul bag as the result of rules violation.

## 7. Scoring

The method of scoring is “cancellation” scoring, the points of one player cancel out the points of their opponent. Using this method, one player can score in each frame.

- a) Each woody is worth one (1) point.
- b) Each cornhole is worth (3) points.

### Example:

Red achieves one (1) woody and two (2) cornholes during the frame (7 total pts)

Blue achieves two (2) woodies and zero (0) cornholes during the frame (2 total pts)

7 points – 2 points = Red scores 5 points for that frame

## 8. Recording the Score

No cornhole bags shall be moved before the scoring is determined. If the decision is in doubt, a Sport Chair shall be called to determine the scoring for the frame in question.

Players are encouraged to pay close attention to the score at all times. Players are required to update their score at the conclusion of each frame.

## 9. Pitching

- a) Players alternate pitching bags (one player at a time) until each player has pitched all (four) of his/her bags.
- b) A player must pitch all (4) cornhole bags from their designated cornhole pitcher’s box.
- c) Players must deliver the bag with an under-hand release.
- d) One foot or appendage must be completely within the pitcher’s box at the time of releasing the bag.
- e) When pitching a bag, players must release the bag before any part of the player’s body touches the ground on or beyond the foul line.

## 10. Pitching the Next Frame

The player/team who scored in the preceding frame shall pitch in the next frame. If neither player/team scores, the player/team who pitched first in the preceding frame shall retain first pitch in the next frame.

## 11. Pitching Out of Turn

If a player pitches out of turn at any time during a frame, their pitch will be considered a Foul Bag and swept from the playing surface.

If the out-of-turn bag affects any bags in play, their opponent has the option of returning all cornhole bags to their original position on the playing surface or leaving all bags as they are.

If the error is not discovered until after two (2) cornhole bags have been pitched, the frame shall continue and be score accordingly.

If no agreement can be reached a Sport Chair shall be called. The official shall either determine the scoring or void the inning and order to be repitched.

### 12. Touching Bags Before Frame is Complete

If any bags in scoring positions are touched by a player, whether intentionally or unintentionally, before all bags during the frame are pitched, the frame is over. The offending team (team who touches the bags) forfeits all remaining bags and tallies the score for the bags they have already thrown during the frame. The non-offending team tallies 12 points as if they had thrown (4) cornholes during the frame.

**IMPORTANT NOTE:** 12 pts. are NOT automatically added to the overall score (scoreboard). The 12 pts. are only used within this specific frame before cancellation.

### 13. Time Limits – Pitching and Scoring

**Pitching** - A player must pitch each cornhole bag within (15) seconds of their opponent's bag coming to rest.

In Singles play, once the final bag comes to a rest, each player has 30 seconds to walk to the other end pick up their bags, and ready themselves to pitch.

*\*Exception may be made by the Certified Official or Sport Director considering any physical disabilities or Difficulties.*

**Scoring** - The frame will be scored 5 seconds after the last bag is pitched, comes to rest, and all bags on the playing surface have stopped moving. Any bag that moves in position after 5 seconds be scored based on its previous position. If timing cannot be agreed on, the Certified Official or Sport Chair will score or negate the frame.

### 14. Timeouts

- a) Each player or team is allowed two 1-minute time outs per game.
- b) A player may only call a time out when it is his/her turn to pitch.
- c) Both players may walk to the other boards to examine bag position during the time out.
- d) Players may not touch the cornhole bags or boards during a timeout.

### 15. Player Conduct

- Full Power (which consists of Squat, Bench Press, and Deadlift)
- Push/Pull (which consists of Bench Press and Deadlift)
- Bench Press Only

As for awards, athletes can **only enter one of the events listed above, therefore they can only medal in one event.** They cannot use their bench press attempt from a Full Power entry to also medal in the Bench Press Only category.

The flow of competition will be in the following order:

1. Squat
2. Bench Press
3. Deadlift

"Bench Only athletes" and "Push/Pull athletes" will just jump into the Full Power cycle when their lifts are going on. When you start with squat, you will only have Full Power athletes competing since that is the only event that includes Squat as one of the required

lifts. Once everyone has finished squat, the entire group moves on to bench press, so you

will now be adding Push/Pull athletes and Bench Press Only athletes into the mix. Once everyone has completed bench press, the entire group moves on to deadlift, and those Bench Press Only athletes will no longer be in the mix since they have already completed

their required lift.

Note: For both Bench Press and Deadlift, there might be athletes in the same flight who are

competing in different events – For example, a Full Power athlete completing their 2nd and

3rd of 3 lifts, and Push/Pull athletes completing their 1st and 2nd of 2 lifts. For Bench Press

specifically, there might be Bench Press Only athletes completing their 1-of-1 lift.

Everyone who is competing in the squat competition will perform that lift 3 times within the

flight they are assigned to, and the TSO will run through all of the Squat flights consecutively. Once squat is complete, we will not go back to squat for the rest of the competition, and everyone will move on together to the bench press competition. Once that lift is complete, everyone will move on together to the final competition (Deadlift).

Athletes are put into flights based on their weight class, and will compete in order of weight

class - lowest (first) to highest (last).

Competition takes place between lifters in categories defined by sex, bodyweight, and age. **NOTE: Some categories may be combined depending on participation numbers.**

The following competition lifts are recognized and must be taken in the same sequence in all contests:

1) squat, 2) bench press, and 3) deadlift. The “total” is the sum of the heaviest successful attempt on each lift.

Each competitor is allowed three attempts on each lift. The lifter’s best successful attempt on each lift counts.

Competition takes place between lifters in categories defined by sex, bodyweight, and age.

3. The following competition lifts are recognized and must be taken in the same sequence in all contests:

1) squat, 2) bench press, and 3) deadlift. The “total” is the sum of the heaviest successful attempt on each lift. Athletes may compete in one event only if desired.

4. Each competitor is allowed three attempts on each lift. The lifter’s best successful attempt on each lift counts toward their competition total. If two or more lifters achieve the same total, the lighter lifter ranks above the heavier lifter.

5. If two lifters register the same bodyweight at the weigh-in and eventually achieve the same total at the end of the competition, the lifter making the total first will take precedence over the other lifter.

6. A successful attempt in all three disciplines is required to earn a total. Should a lifter fail to make a successful attempt in the squat and/or bench press, they may continue to compete for the remainder of the contest but they will not earn an official total (their total will be recorded as 0).

7. Equipment check is required for every competitor. Either the lifter or the lifter’s coach must present the apparel/equipment to be inspected. All personal apparel/equipment that will (or might) be worn/used during competition must be inspected and approved at equipment check.

8. All lifters in the session must attend a formal weigh-in prior to competition.

9. The following weight classes shall be used for competition: **NOTE- classes may be combined depending on number of participants.**

Doubles partners may be of same or mixed gender.

Format: To be determined by number of players

### **Playing Rules**

1. All shuffleboard matches will be conducted in accordance with official rules of the National Shuffleboard Assoc., Inc. For a copy of these rules, please write or call:

National Shuffleboard Association  
N.S.A. President Rob Robinson  
111 S Greenfield Road, Space 304  
Mesa, Arizona 85206

3. **Non-Walking Singles:** At times, there will be two (2) opposing players who will remain at the other end of the court competing against each other. In these instances of non-walking singles, one end of the court will be considered the head and the other the foot. The yellow disks will be lined up on the right at the head of the court and on the left side at the foot of the court. See diagram on next page for clarification.

4. Doubles matches will consist of eight (8) frames of which four (4) will be played by each partner who will remain at their respective end of the court during the entire match. The team or pair with the highest point score at the end of eight (8) total frames will be the winner.

5. In case of a tie, two extra frames will be played until tie is broken.

6. A coin toss will be administered. The team winning the coin-toss will choose disc color. The coin toss loser will choose their lane and take their positions, then the coin toss winner will choose their own lanes to determine head-to-head match-ups. If a third game is needed, color of disc is chosen by lagging (see b below). Lane positions will remain the same.

a) Before practice begins, each player may shoot two (2) discs to check speed of court. Two full rounds of practice on assigned color are allowed before the first game. If a third game is necessary, no practice is allowed before the third game.

b) Color choice for the third game is determined by two opposing players shooting from the head of the court to the far deadline, shooting alternately, first YELLOW then BLACK. The disc nearer to the far deadline (lag line) determines who shall have color

choice. Measurement is from center of disc to center of line. (It can cross over the lag line.) If the last (4th) BLACK disc shot touches the YELLOW disc, color choice goes to player of YELLOW.

7. To start games, the YELLOW disc is shot first. Play alternates – YELLOW, then BLACK - until all discs are shot. YELLOW shall always be played from the right side of the head of court, and left side of foot of court. (NOTE: While standing at the foot of the court, YELLOW shall be on the left side of the court.)

ERROR IN COLOR LEAD: Error in color lead shall be corrected if discovered before half-round is complete; otherwise, play continues in order started at beginning of game.

8. Players may bring own cues.

9. The cue shall not have an overall length of more than 6'3". No metal part of the cue shall touch playing surface of court.

10. The following penalties need not be enforced unless the offender gains an advantage:

- \*going beyond the baseline while not in the act of shooting
- \*not remaining seated
- \*making remarks or motions to partner
- \*cue slipping from hand
- \*no hook shot allowed

11. Any disc that clearly leaves the court beyond the farthest base line, or goes off the sides of the court is a dead disc. A disc more than halfway off the mat is considered a dead disc.

Teams will play in the age division of the youngest player. Teams must be of one gender.

### **Event Format:**

Format dependent on number of teams and other considerations.

In double elimination draws or exhibition matches, a team must win two out of three sets to win the match.

In pool play, matches will consist of one or more sets to either 21, 25, or 30 points depending on the size of the group and court time available. Once a single elimination tournament is reached, matches for the gold, silver, and bronze medals and possibly others will be best two out of three sets. Rally scoring will be used and there is no time limit or cap on sets.

### **Playing Rules:**

4. A team's roster shall be limited to fifteen (15) players.

6. A team must have at least five players present to start a game; otherwise, the game is forfeited. The sixth player may enter upon arrival. In the event of injury, a team may continue/finish with a minimum of four players on the floor.
7. Teams competing with only five players shall always have three players on the front row.  
No service rotation penalty shall be assessed for not having six players.
8. Two liberos are permitted and may be changed from set to set and not have to be designated for their match.

#### Co-ed Modifications: 4x4

This variation of the game (played on an indoor court, sand or grass) is typically played at a more recreational level. Each team has four players per side, and each player is permitted to attack at the net regardless of their starting position on the court. While players must maintain serving order, during play they can occupy any position on the court. 4 vs. 4 allows for a moderately paced variation of play that requires each team to cover more ground and allows players to compete in a less specialized style of play.

The Indoor Rules Book in general shall govern play for females and males on the same team with the following exceptions:

1.1.1.1 Alternating male and female service order must be maintained.

A female Libero may only replace regular female players. A male Libero may only replace regular male players. All other Libero rules and restrictions apply.

1.2 When the ball is played more than once by a team, a female player shall make at least one of the contacts. Contact of the ball during blocking shall not constitute playing the ball. There is no requirement for a male player to contact the ball, regardless of the number of hits by a team.

1.2.1 If a team contacts the ball more than one time during offensive

action, one of the contacts must be by a female player, but there is no restriction preventing all three team hits from being made by female players. Contact of the ball during blocking action does not count as one of the three team hits. Therefore, after a block, a male player may play the ball back over the net as such contact would be considered the first team hit.

1.2.2 A ball contacted more than once by a team, without a female player having contacted it, remains live and does not become an illegal hit until it fully crosses the plane of the net or is contacted by an opponent.

1.5.1 Where age group mixed competition is conducted, the height of the net shall be that prescribed for men's competition in the respective age group. In order to protect the safety of the competitors, this shall not be modified.
